

CONSOLIDATED HIGHLIGHTS FOR THE QUARTER

- Net sales increased by 1.7%, and on a comparable basis 7.7% with respect to the same quarter of the previous year, driven mainly by price increases in the Preserves segment.
- EBIT before other income and expenses fell 4.2% to MXN 638 million, while the margin stood at 10.9%, 0.7 percentage points below that recorded in 2020, which is mainly explained by lower sales in the Frozen segment.
- Net income totaled MXN 542 million, 18.7% lower than the previous year due to the extraordinary income from the sale of three tuna vessels recorded in 2020.

Mexico City, Mexico, April 22, 2021 – Grupo Herdez, S.A.B. DE C.V. ("Grupo Herdez" or the "Company") (MSE: HERDEZ) today announced results for the first quarter 2021, ended March 31, 2021.

The information contained in this document is prepared in accordance with International Financial Reporting Standards ("IFRS") and is expressed in Mexican pesos unless stated otherwise.

Grupo Herdez consolidates 100 percent of its Frozen division, Barilla Mexico, Herdez Del Fuerte - Mexico, and McCormick de Mexico in its financial statements. The proportional stake of Herdez Del Fuerte in MegaMex is registered in Equity Investments in Associated Companies.

NET SALES

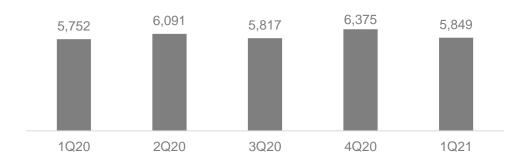

Net sales in the first quarter were MXN 5.8 billion, 1.7% above the previous year, even though the 2020 comparable basis considers the sales of Nair tuna, fresh tuna and Ocean Spray. On a comparable basis excluding fresh tuna, Nair tuna and Ocean Spray- consolidated net sales would have increased 7.7%. Net sales in the Preserves segment grew 2.7%, 10.4% on a like-to-like basis, due to price increases implemented across the portfolio in the last twelve months. The categories with double-digit growth were spices, mayonnaise, mole and teas.

The Frozen segment reported net sales of MXN 613 million, 14.9% lower than last year due to the mobility restrictions that affected the results for January and February 2021. Performance in modern trade, price clubs and convenience stores continued to show double-digit growth, while the traditional channel maintained the same trend as last year. Exports were MXN 456 million in net sales, 20.5% higher than in the same period of the previous year, driven by higher sales volumes.

NET SALES PERFORMANCE

GROSS PROFIT

Consolidated gross margin for the quarter was 37.5%, practically unchanged from a year ago. In the Preserves segment, margin increased 1.9 percentage points to 37.4%, mainly due to price increases implemented at the end of the third quarter of last year and a better sales mix. In the Frozen segment, gross margin decreased 5.9 percentage points because of lower sales due to temporary store closures, as well as higher sales in modern trade, price clubs and convenience stores for Helados Nestlé. Gross margin in

the Exports segment decreased 5.9 percentage points to 13.5%, due to the appreciation of the U.S. dollar against the peso.

GROSS PROFIT PERFORMANCE

SELLING, GENERAL AND ADMINISTRATIVE EXPENSES (SG&A)

Consolidated SG&A represented 26.6% of net sales in the quarter, 0.4 percentage points above the prior year, mainly due to expenses related to the Company's digital transformation project.

The Frozen segment recorded an operating loss of MXN 195 million in the quarter, compared to the operating loss of MXN 72 million recorded in the same period of the previous year. This resulted from the mobility restrictions at the beginning of this year, which compares unfavorably with the months prior to the pandemic. In the Exports segment, the margin was 6.7%, 5.7 percentage points lower than last year, mainly due to the appreciation of the dollar against the peso.
