Mexico City, Mexico, April 26, 2018 – Grupo Herdez, S.A.B. de C.V. (“Grupo Herdez” or the “Company”) (MSE: HERDEZ) today announced results for the first quarter ending March 31, 2018.

“Despite this quarter’s results were above our expectations, we are optimistic about the consumption environment combined with our effective commercial execution in order to accomplish our annual guidance,” said Héctor Hernández-Pons Torres, Chairman and Chief Executive Officer.

NET SALES

Consolidated net sales in the first quarter decreased 2.2 percent compared to the same period of last year to MXN 4,702 million. Net sales in the Preserves division declined 4.9 percent mainly due to: i) a tough comparison base; and ii) inventory rationalization among our clients.

The Frozen division reached MXN 674 million in net sales, 4.0 percent higher than the first quarter of 2017, mainly explained by a 10% same-store sales growth at Nutrisa and a solid performance of Helados Nestlé driven by the Direct Store Distribution (DSD) channel towards the end of the quarter.

Exports reached MXN 330 million, 21.9 percent higher than the same quarter of last year mainly related to a strong performance at MegaMex.

The information contained in this document is prepared in accordance with International Financial Reporting Standards (IFRS) and expressed in Mexican pesos unless otherwise stated. Grupo Herdez consolidates 100 percent of its Frozen division, Herdez Del Fuerte -Mexico-, Barilla Mexico and McCormick de Mexico in its financial statements. The proportional stake of Herdez Del Fuerte in MegaMex is registered in Equity Investment in Associates.

GROSS PROFIT

Consolidated gross margin in the quarter reached 39.1 percent, 30 basis point lower than in the same period in 2017. This decrease resulted from an unfavorable sales mix in Preserves, couple with a tough comp related to the extraordinary benefit of the inventory revaluation that took place in the same quarter of last year, as well as a 2.3 percentage points contraction in the export margin as a result of the new pricing strategy.

SALES, GENERAL AND ADMINISTRATIVE EXPENSES (SG&A)

Consolidated SG&A relative to net sales reached 26.2 percent in the quarter compared to 25.7 percent in the same quarter of last year.

This increase resulted from a 1.3 percentage points hike in Preserves affected by higher freight expense, that was partially offset by a 5.1 percentage points decline in the Frozen segment due to a better expense absorption.

EARNINGS BEFORE INTEREST AND TAXES (EBIT)

EBIT in the quarter totaled MXN 625 million, with a margin of 13.3 percent, or 70 basis points lower than in the same period of 2017.

EBIT margin in the Preserves segment decreased by 1.4 percentage points mainly due to the unfavorable sales mix combined with higher SG&A. In the Frozen segment, the EBIT margin reached 2.8 percent versus -3.3 percent last year, a swing of 6.1 percentage points explained by a better sales performance and expense absorption.

COMPREHENSIVE FINANCING RESULT

Net financing cost totaled MXN 150 million in the quarter, compared to MXN 118 registered last year. This increase is mainly explained by a currency exchange loss of MXN 34 million derived from a stronger peso, that affected the valuation of USD investment and the restatement of assets.

EQUITY INVESTMENT IN ASSOCIATES

Equity investment in associates totaled MXN 250 million, 11.1 percent higher than the same period of 2017 mainly due to higher sales and lower SG&A at MegaMex.
